

NMCAA 2025 EARLY CHILDHOOD PROGRAMS' COMMUNITY NEEDS UPDATES

Service Area

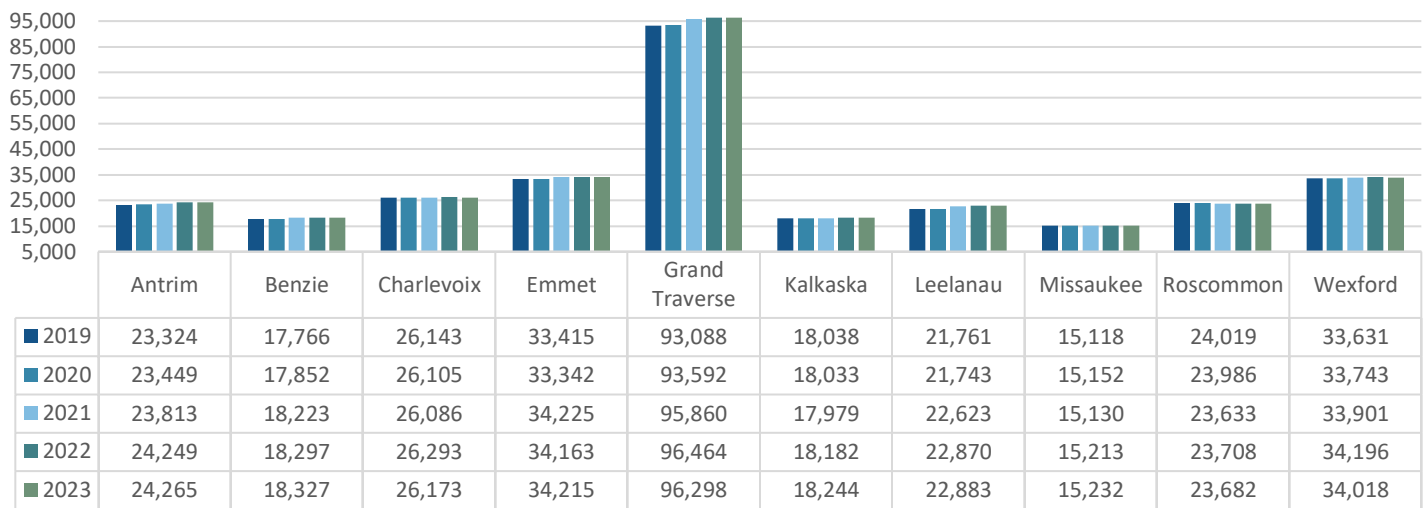

The Northwest Michigan Community Action Agency (NMCAA) Articles of Incorporation designate that the Agency serves the 10 counties of northwest lower Michigan, including Antrim, Benzie, Charlevoix, Emmet, Grand Traverse, Kalkaska, Leelanau, Missaukee, Roscommon, and Wexford counties. NMCAA maintains Head Start and Early Head Start services in each of these counties.

II. Eligible Children

Children 0-5 in Poverty

Data showing the percentage of children, ages 0-5, receiving the Supplemental Nutrition Assistance Program (SNAP), also referred to as the Food Assistance Program (FAP), by county was used as a measure of the number of Early Head Start/Head Start eligible children. Enrollment in SNAP requires that family income exceeds not more than 130% of Federal Poverty Level (FPL) guidelines. This number is slightly higher than Head Start income guidelines, which are set at 100% of the FPL, but also allow for up to 10% of enrolled children to come from families with income above this threshold. An additional enrollment of 35% of families, whose income does not exceed 130% of FPL guidelines, may also be enrolled provided that sufficient outreach has been conducted to recruit as many income-eligible families as possible and that families falling below 100% FPL are served first.

The Annie E. Casey Foundation. (2025). *Kids Count Data Center*. Retrieved January 15, 2025 from <https://datacenter.kidscount.org>.

Points of Interest:

The Annie E. Casey Foundation. (2025). *Kids Count Data Center*. Retrieved January 23, 2025 from <https://datacenter.kidscount.org>.

Points of Interest:

- As shown previously, it is becoming more and more necessary for all parents in a household to work in order to afford even the most basic of needs.
- Data from 2014-2023 showed that in the majority of households throughout the NMCAA service area, the majority of all able adults were employed.
- This was especially true in Antrim, Emmet, Grand Traverse, and Roscommon Counties, between 2019-2023, where the percentage of all adults in households with children ages 0-5 in the labor force was found to be 73.3%, 70.3%, 70.9% and 74.1%

III. Early Learning Programs

Child Care and Preschool Capacity by County

In each of the ten counties, the 0-5 population is larger than the number of available childcare slots. This can be especially problematic since, as shown previously, all parents in over half of all households with children to 5 are employed. While some parents utilize unlicensed care providers, friends, and family to supervise children in their absence, or stagger shifts with other adults in the household, others are forced to choose between calling in sick, stopping employment, or leaving their children in the care of someone whose abilities they are less than confident in.

A complete list of childcare and preschool providers throughout the NMCAA service area can be found in Appendix B.

IV. Community Health Assessment Information

The Most recent Regional Community Health Needs Assessment conducted by Munson was completed in 2022, and identified the following top ranked strategic issues for the Northwest Region:

1. Safe, Affordable, and Accessible Housing
2. Mental Health and Substance Use Disorders
3. Access to Health Care
4. Chronic Disease

Munson Healthcare. (2022). *Community Health Needs Assessment*. Retrieved February 28, 2025 from https://www.munsonhealthcare.org/sites/default/files/media/file/FULL%20CHNA%202021_FINAL.pdf.

V. Resources Available

Each year resource directories are updated for each of the 10 counties across the NMCAA service area. These directories provide an extensive list of resources and services available to area residents and include categories such as food, clothing, health, emergency services, addiction services, etc. In addition to area resource guides, the 2-1-1 phone directory service is also available throughout the NMCAA service area.

Key findings from the Northwest Michigan Community Action Agency Community Needs Assessment, last concluded in November 2024 ([NMCAA 2024 CNA.pdf](#)), included the following priorities, requiring additional focus:

Tier One Priorities

- Housing and Homelessness
- Early Education and Child Care
- Food Insecurity

Tier Two Priorities

- Financial/Money Management
- Coordination of Services
- Availability of Services

Additional Concern

- Focus on prevention, including workforce pipeline, transportation, money management, and other needs

Program staff work together, with families, to ensure that individual needs are assessed and connections to resources occur accordingly.

VI. Strengths

A main strength of the communities served by NMCAA is a strong collaboration between entities serving children and families. Each of the 10 counties has an active Great Start Collaborative body which meets regularly to assess available birth to age five services and works to plan next steps in ensuring children are ready for school upon kindergarten entry.

NMCAA early childhood staff, throughout the 10 county service area, meet with local groups when forming class lists to ensure that as many children as possible are placed in a program that will best fit their needs and is in line with parent interest. There is also current work taking place to implement a common online parent portal to build towards a more streamlined system of enrollment and eligibility.
